

## **SCC Small Group Discussion**

### **Psalm 50**

**Derived from a sermon on August 3, 2025 by Keith Sandell**

#### **Getting Started:**

What are some things that motivate you to worship God?

#### **Searching the Scriptures:**

1. What names or titles are used for God and what descriptions or actions stand out to you?
2. With what attitude should God's people approach Him in worship?
3. What is the danger in failing to recognize God's holiness, authority, and power when we come before Him in worship?
4. Contrast the worship of God's people in verses 7-15, and that of the wicked in verses 16-23. What is God asking for?

5. What are some signs our worship today might indicate the attitude that God needs us rather than the understanding that we need God?
  
6. What wrong attitude was behind their sinful actions (v. 21)? How can we avoid the temptation to approach God casually in worship, like we might approach any other person?
  
7. What contrasting outcomes of the two types of worship—heartless and heartfelt—did God describe in verses 22-23?

### **So What & What Now? - Applying the Scriptures**

How does true worship, as God desires and deserves, point others to His glory?

What are some steps we can take to worship God in Spirit and in truth (John 4:23-24)?
